Non-transparent Policies, Terms and Conditions

Not providing sufficient information to describing how data is processed, such as its collection, storage, and processing. Failure to make this information easily-accessible and understandable for non-lawyers.

Frequency: Very High
Impact: High

Collection of data not required for the primary purpose

Collecting descriptive, demographic or any other user-related data that are not needed for the purposes of the system. Applies also to data for which the user did not provide consent.

Frequency: Very High
Impact: High

Sharing of Data with Third Party

Providing user data to any third-party without obtaining the user’s consent. Sharing results either due to transfer or exchanging for a monetary compensation or otherwise like to incorporate the use of third-party resources included in the website like widgets (e.g., maps, social networks buttons), analytics or web beaks (e.g., beacons).

Frequency: High
Impact: High

Outdated personal data

The use of outdated, incorrect or legacy user data. Failure to update or correct the data.

Frequency: High
Impact: Very High

Missing or insufficient Session Expiration

Failure to effectively enforce session termination. May result in collection of additional user-data without the user’s consent or awareness.

Frequency: Medium
Impact: Very High

Insecure Data Transfer

Failure to provide data transfers over encrypted and secured channels, excluding the possibility of data leakage. Failure of enforcing mechanisms limiting the leak surface, e.g., allowing to infer any user data out of the mechanics of Web application operation.

Frequency: Medium
Impact: Very High
